*'The Antipoet is an act at the forefront of the new movement, with material dripping in parody. They take poetry to a new level, with performances as memorable as they are hilarious'*  
**The Stage' July 2010**

*'Enigmatic beat poetry. a dazzling display of poetry, comedy and music, sometimes all in the same moment!'*  
**Fringe Review August 2010**

*Combining music, poetry and comedy is one of the hardest things to pull off but they (The Antipoet) do it brilliantly I'm glad I caught the performance'*
